Tasting note

Ripe pear, yellow apple and peach lead the way, with delicate floral notes, almond and a little spice. Dry and smooth, the palate has a gentle creaminess balanced by fresh acidity. A subtle mineral note adds definition, leaving a clean, rounded finish with plenty of fruit.

The producer

Robert Weil Junior brings the Weil family's winemaking experience across the Rhine to Rheinhessen. Established in 2016, the project works with selected local producers to explore the Pinot family of grapes. Led by Wilhelm Weil, with the fifth generation involved, the team focuses on expressive, approachable wines with freshness and texture.

Winemaking

Selected Rheinhessen vineyards provide ripe fruit with balanced acidity. Gentle pressing and careful juice clarification preserve the delicate aromas before fermentation at controlled temperatures. Maturation on fine lees builds roundness and texture, giving the wine a little extra depth while retaining its fresh fruit character.

Food pairing

Try with roast chicken, creamy mushroom pasta or pan-fried fish with a light butter sauce.
